PROFILE

BSc Computer Science student specializing in Cognitive Systems with an 8.1 CGPA, seeking internship opportunities in AI/ML, software development, and related computing fields. Has shipped live web apps, including a real-time multiplayer game and an AI debugging assistant, alongside a foundation in Python, Java, C, SQL, prompt engineering, and Git/GitHub.

EDUCATION

Loyola Academy, Hyderabad — **2025–2028**
BSc Computer Science — Specialization: Cognitive Systems — **CGPA: 8.1/10**

TECHNICAL SKILLS

Programming	Python, Java, C, SQL, JavaScript
Web	React, WebSockets, Three.js, Cloudflare Workers
AI / ML	Prompt Engineering, Google AI Studio (Gemini), AI-assisted development
Databases	MySQL, IndexedDB
Tools	Git, GitHub, VS Code

PROJECTS

Sync or Solo — Real-time Multiplayer Party Game (Live)

- Browser party game for 2–8 players on their phones: everyone answers the same prompt, then bets on matching the crowd (Sync) or standing alone (Solo).
- Built with React and WebSockets for live room-based play with 4-letter room codes; deployed on Cloudflare Workers. No accounts or installs; idle rooms expire after 30 minutes.

BugLoop — AI Debugging Knowledge Assistant (Live)

- AI debugging workbench for student developers, vibe-coded in Google AI Studio for the Handshake AI Skill Studio mission.
- Diagnoses code errors step by step, saves confirmed fixes to a knowledge base stored locally in the browser (IndexedDB), and turns repeated error patterns into reusable debugging rules.

Anti Gravity — 3D Project Manager

- Web app where planets in a 3D solar system represent projects, controlled with hand gestures; built with React, Three.js (React Three Fiber), MediaPipe Hands, Zustand and Tailwind.

ACHIEVEMENTS & HACKATHONS

- **1st Prize — Brain Rush & Technoverse, TECHXCELERATE, Loyola Academy (2026):** Secured first place in a competitive event recognizing knowledge, problem-solving ability, and competitive spirit.
- **SPEC'S Industry Hack 2026 — National-Level Hackathon:** Participated in a 24-hour national-level hackathon at St. Peter's Engineering College as part of a 2-member team; contributed to frontend development and bug fixing.
- **2-Day State-Level Hackathon Challenge, Loyola Academy (2026):** Participated in the state-level hackathon conducted on 8–9 January 2026.
- **Handshake AI Skill Studio (2026):** Completed missions including vibe-coding BugLoop and designing a Halloween-themed logo (view).

AI / ML PROGRAM

Specialized Program in Artificial Intelligence & Machine Learning with Drone Tech — TiHAN, IIT Hyderabad × Masai: Enrolled in the specialized online program beginning July 2025, focused on AI/ML with Drone Tech.

RESEARCH

Co-author — GroundRAG Research Paper: Contributed to a research paper on GroundRAG. The paper is currently unpublished; publication details are not yet available.

EXTRACURRICULARS & LANGUAGES

- **Interests:** Guitar, fitness / gym
- **Campus involvement:** Member of the Music Club during first semester
- **Languages:** English, Telugu, Hindi
